S40

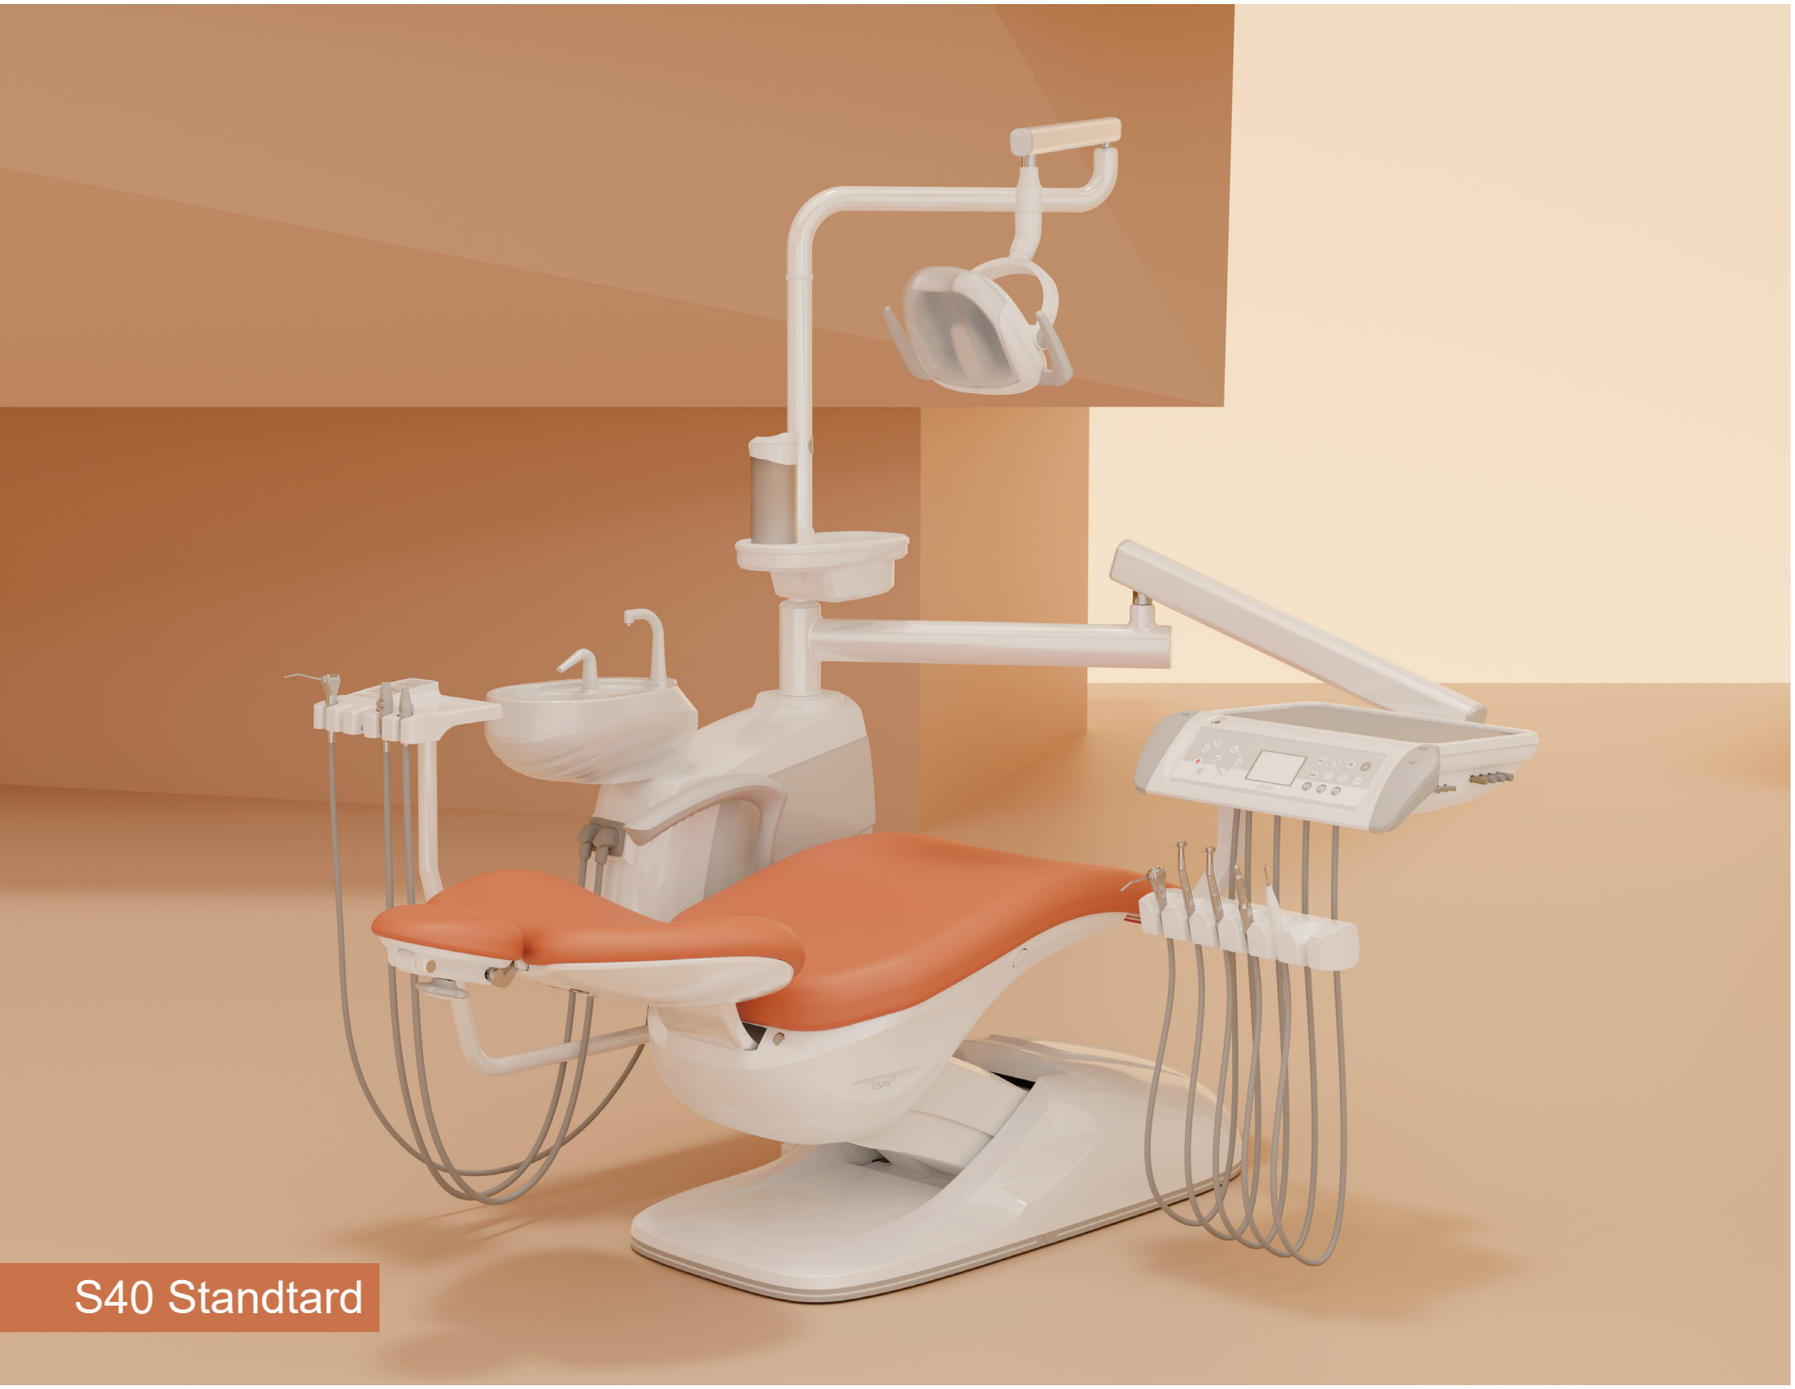

ESAY

Enjoy· Intelligent control

The S40 is an AI dental chair with intelligence and comfort.

ESAY Ai system intelligent module connected to multi-command ‘human-computer interaction’ function,‘you say it, it to do’

co-ordination of modern technology and comfort at your fingertips, showing the technology and wisdom, so that the doctor's work is more convenient and efficient.

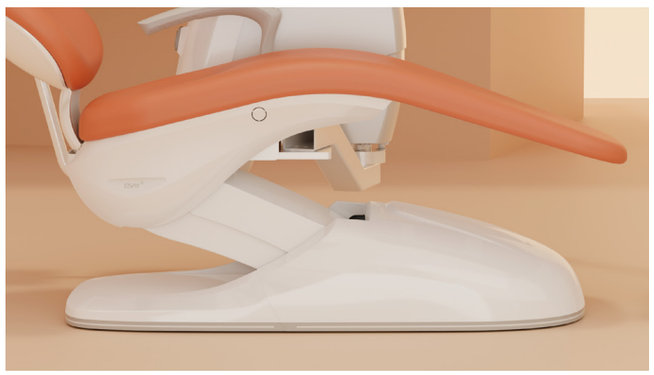

E-ARK 3 Touch screen system (optional)

Visual touch screen system to control all functions of the dental chair and the operation of instruments such as scalers and electric motors.

Round backrest lift adjustment (optional)

Senseless lifting system, round backrest, physical lifting, no back rubbing, more comfortable.

Active environmental fantasy lights (optional)

Multiple colors interpret a surreal and dreamlike style, with rhythmic patterns and colorful thoughts flowing freely.

Enjoy ·For comfort

Zero Gravity | Silicone headrest cover | Cleaning up Position
SOS First aid Position | Spit-restoration Position

The patient can enjoy the ultimate comfort during the treatment process so that the doctor's operation is more reliable and safer.

S40 Standtard

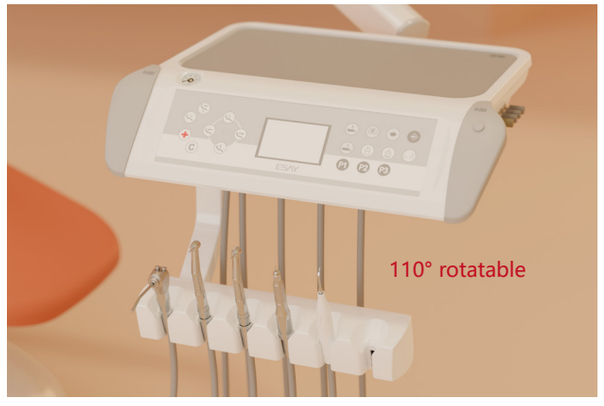

Ceramic spittoon

Anti-fouling ceramic material, 180' rotatable, deep capacity, easy to clean and disinfect.

Ergonomic cushion

High-quality PU leather, soft and breathable, not tired of lying for a long time, so that patients can enjoy the ultimate comfort during the treatment process.

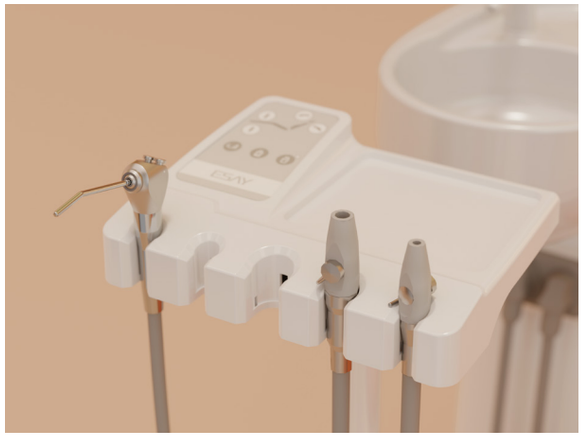

Intelligent instrument tray

SOS First aid position, 3 doctors memory chairs.
Six-hanger design: 110° rotatable, can be installed with built-in scaler, reserved for multiple. positions.

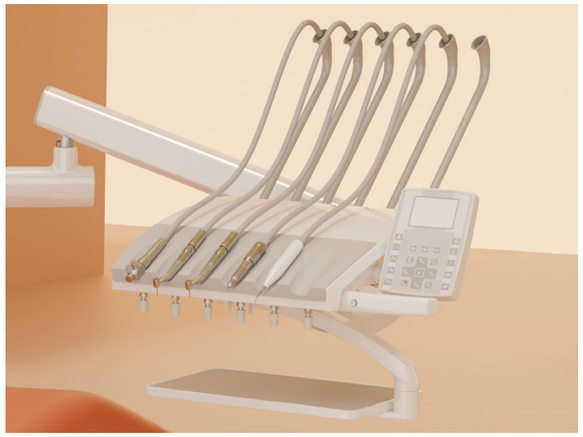

Water adjustment switch

Unique texture, precision control, colour switch for easy differentiation and adjustment.

Intelligent assistant instrument tray

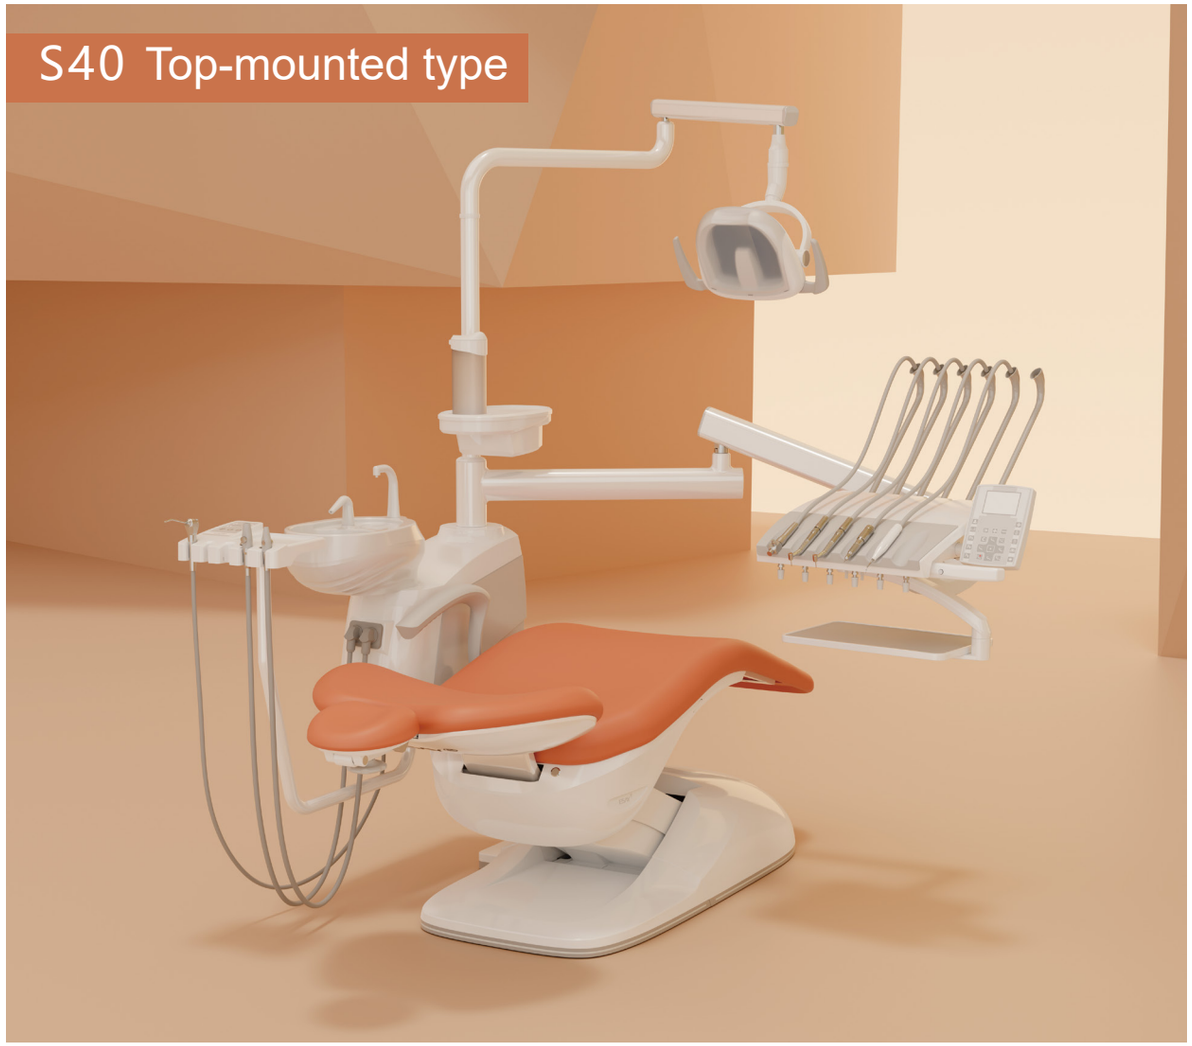

five hangers design, multi-angle movement, easy to four-handed operation.

European-style top-mounted instrument tray

Comfortable and drag-free, with a silicone padded instrument tray and a protective silicone layer for more efficient treatment.

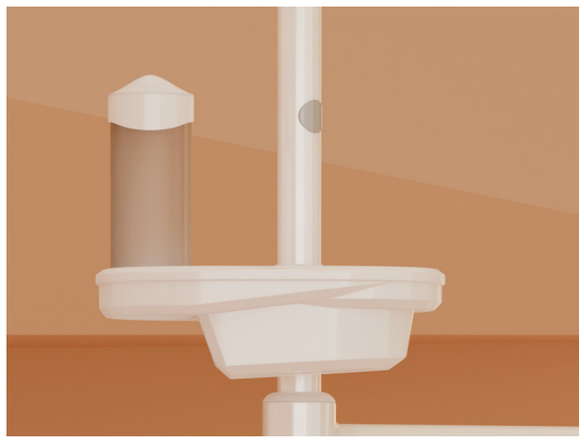

Remove trolley instrument tray

Silent wheel locking system, electrically operated lifting height, optimum operating height.

Multi-purpose tray

paper towels/water cups, top drop off and pick up down

Color LCD touch screen dual master control system, digital intelligent scene function application, dynamic instrument visualization adjustment, accurate, efficient and comfortable, opening a new era of dental diagnosis and treatment.
